Join us & start living a more comfortable life

Discover a custom build luxury home where all of your needs are taken care of...

At Flemington Care Home we have created a luxury, warm and homely environment. We are focused on giving our residents all the comforts of home and more, whilst delivering to their individual care needs ensuring comfort, safety and a caring environment for all.

We Understand Care

At Flemington Care Home we provide twenty-four hour nursing care for all our residents. Our Staff have been trained to the highest standards to ensure they are able to meet the needs of all residents. We operate an open door policy, and welcome all visitors and residents to feel comfortable in discussing their care. We work hard to ensure that every need is catered for, and that our residents feel welcomed and cared for from the moment they arrive.

A home from home...

The Team at Flemington are highly experienced and provide a friendly, personal service to each of our residents. Should the needs or requirements of our residents change during their stay, we are happy and able to continue to provide the highest level of care, with nursing care tailored to suit each individual's needs. Our first priority is the comfort and continued care of all our residents: a person centred approach ensures that each resident's physical, spiritual, social and emotional needs are met in accordance with their needs and wishes.

Safe, Secure & Comfortable

Each of our luxury rooms has been fitted to the highest standard, providing residents with comfortable furnishings within beautifully designed accommodation. All of our bedrooms are spacious with en-suite facilities and feature specialised equipment including nurse call systems, smoke detectors and temperature controlled underfloor heating, in addition to either a standard or specialist nursing bed. Spacious enough to accommodate visitors, Residents are encouraged to make their space their own by bringing personal decorations. Within the Home, each floor boasts large communal lounges and dining rooms for residents to socialise. In addition, Flemington also features a Café, Hairdressing Salon, Therapy Rooms and secure landscaped gardens.

Flemington *Care Home*
